

Close to wall applications possible.

Thanks to its compact design C3606DPA has the ability to cut very close to walls, up to 14 mm. This makes it ideal for high precision tasks, like trimming the edges of installed wooden flooring.

Absolutely loaded with even more convenient features.

C3606DPA has a full package of features designed for precision and ease, making it highly versatile for various cutting tasks. Its flexibility and adaptability to different materials and scenarios render it invaluable for the professional.

Inspection window for perfect view on the blade.

Double depth adjustment for accuracy with or without guide rails.

Undercut function (-1°/+46°) enables precise fitting cuts.

Clean working thanks to dustbag/vacuum connector.

High quality accessories for your plunge cut saw.

High-quality accessories for your plunge cut saw boost performance, precision, and lifespan, while reducing damage risks for a safer, more efficient cutting experience.

36V Cordless
Plunge Cut Saw
C3606DPA

Extremely powerful and accurate.

Discover our new Cordless Plunge Cut Saw C3606DPA.

Full guide rail compatibility

66 mm cutting depth, 61 mm on guide rail

Fast stopping brake

Compatible
BRUSHLESS

- Easy blade changing.**
1. Adjust depth adjustment to blade change position
 2. Fix lever
 3. Plunge saw blade down to activate spindle lock
 4. Change blade with hex key

The future is now.

We introduce to you our 36V Cordless Plunge Cut Saw C3606DPA. Engineered for precision, with a cutting depth of 66 mm, it is leading its class in performance. With an extremely powerful 36V motor, variable speed control and full guide rail compatibility, the C3606DPA is designed to deliver clean, precise cuts for a multitude of materials.

C3606DPA Cordless Plunge Cut Saw

Specifications

Voltage	36V
No-load speed	2,500 - 5,200 /min.
Saw blade diameter	165 mm
Mount hole diameter	20 mm
Maximum cutting depth 90°	66 mm
Maximum cutting depth 45°	43 mm
Max. cutting depth with guide rail	61 mm
Cutting depth adjustability	0 - 66 mm
Bevel capacity	-1°/46°
Brushless motor	✓
Guide rail compatibility	✓
Variable speed	✓

LED	✓
Soft start	✓
Dimensions (L x W x H)	391 x 206 x 269 mm
Weight with BSL36A18X ¹	5,4 kg

Versions²

C3606DPAWVZ:	2x battery BSL36B18X, fastcharger UC18YSL3, dust bag, saw blade, stackable case HSC IV
C3606DPAWZ2:	Dust bag, saw blade, stackable case HSC IV

¹ Weight according to EPTA-2004 procedure.
² Standard accessories vary by country or area.

Extremely powerful.

The combination of its brushless motor and our high power MULTI VOLT batteries provide C3606DPA with an incredible pull-through strength that you will surely notice.

Greatest cutting depth.

With a cutting depth of 66 mm its capacity is 10 mm higher than comparable tools. It allows you to cut thick material or multiple layers of material at once.

Huge working amount.

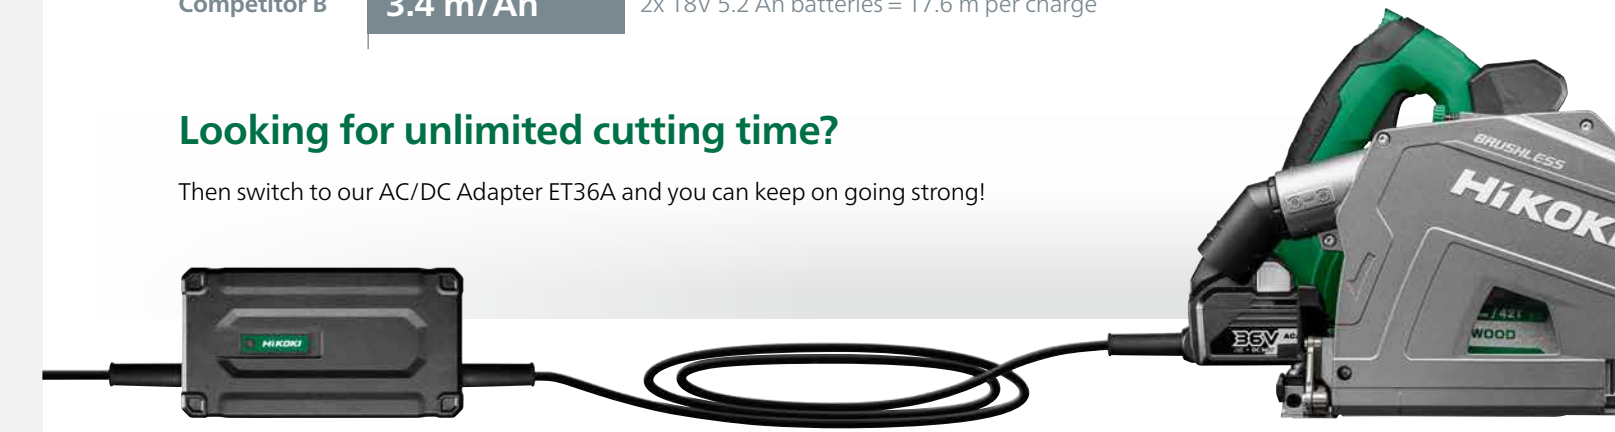

Comparison of cutting amount.

Cutting 1,000 mm long and 40 mm thick hardwood on maximum speed, in combination with the saw blade 165 mm and the BSL36B18X.

C3606DPA	7.5 m/Ah	1x 36V 4.0 Ah battery = 29.8 m per charge
Competitor A	6.6 m/Ah	2x 18V 6.0 Ah batteries = 40.0 m per charge
Competitor B	3.4 m/Ah	2x 18V 5.2 Ah batteries = 17.6 m per charge

Looking for unlimited cutting time?

Then switch to our AC/DC Adapter ET36A and you can keep on going strong!

The right speed for each task.

The plunge cut saw features a variable speed dial with settings up to 12, offering precise speed control for different materials and tasks. This ensures the best experience with both delicate and tough materials.

Full guide rail compatibility.

Of course C3606DPA is compatible with our own guide rails, but it is even compatible with guide rails of other brands such as Makita, Bosch, Festool, and Hilti. With the guide rail adjustment you can perfectly fit the tool to the used guide rail for highest precision.
